

Dmytro

JUNIOR FRONTEND DEVELOPER

github.com/BlackMfgjk
Lanovui0902@gmail.com
t.me/A0klgahara
Ukraine

TypeScript React Node.js Vite RESTAPI Git

Self-taught frontend developer focused on TypeScript and React. Experience building full SPA apps with auth, state management and REST API integration. Seeking first commercial role to grow in a team.

— Pet projects

01 Come-by Shop

github.com/BlackMfgjk/Come-by-shope-latest

Food e-shop with auth, cart and dark mode. Multi-provider Context architecture (Auth, Cart, Theme), React Router v7 routing, REST API integration.

React 19 TypeScript React Router Context API Vite

02 Okrip World

okrip-world.vercel.app

Minecraft server website with interactive maps (BlueMap API), multiple server pages and responsive design. Deployed on Vercel.

Vanilla JS HTML/CSS Vite Vercel REST API

03 Discord GIF Bot

github.com/BlackMfgjk/discord-gif-bot

Node.js Discord bot that converts images and video to GIF via ffmpeg. Slash commands, interaction handlers, .env config.

Node.js discord.js ffmpeg

04 Portfolio

portfolio-nu-ashen-35.vercel.app

Personal portfolio — responsive layout with smooth animations, built with Vite.

HTML CSS Vite

FRONTEND

TypeScript React React Router Context API

TOOLING

Vite ESLint Git / GitHub Vercel
